of Placement Cell
of last five years**

Placement Cell Activities

For the year 2022-23

Placement Cell Members:-

1. Dr.Smriti Tiwari	-	Chairperson
2. Dr. Bharti Sharma	-	Coordinator
3. Ms. Anju Perewa	-	Co-Cordinator
4. Ms. Shweta	-	Member
5. Ms. Neelam Sharma	-	Student Representative
6. Ms. Chetna Soni	-	Alumni
7. Ms. Preeti Soni	-	Alumni

Objectives of Placement Cell-

- To facilitate and coordinate the recruitment process between students and potential employers, ensuring smooth communication and efficient scheduling of interviews.
- To provide career guidance and counselling services to students, helping them identify their strengths, interests, and career goals, thus enhancing their employability.
- To organize skill development workshops, seminars, and training programs aimed at preparing students for job interviews, enhancing their soft skills, and keeping them updated with industry trends.
- To establish and maintain strong relationships with companies and organizations across various sectors, fostering partnerships for internships, projects, and employment opportunities for students.
- To track and analyse placement data, including job placements, salaries, and industry trends, for continuous improvement of placement strategies and better alignment with the evolving needs of both students and employers.

Placement Mechanism-

The placement cell mechanism for B.Ed. and M.Ed. students at Biyani Girls B.Ed. College would typically involve several steps and strategies to facilitate employment opportunities for the students. Here's a framework for how such a mechanism might operate:

1. Establishment of Placement Cell: The College would first establish a dedicated placement cell or career guidance cell tasked with assisting B.Ed. and M.Ed. students in finding suitable employment opportunities.

PRINCIPAL
BIYANI GIRLS B.ED. COLLEGE
SEC.-3, VIDHYADHAR NAGAR, JAIPUR

2. **Career Counselling and Guidance:** The placement cell would offer career counselling sessions to students to help them understand their strengths, interests, and career aspirations. This would assist in aligning their career goals with available job opportunities.
3. **Skill Enhancement Workshops:** Conducting workshops and seminars on resume writing, interview skills, communication skills, and personality development to enhance the employability of students.
4. **Industry Tie-ups and Partnerships:** Building partnerships with schools, educational institutions, and other organizations in the education sector to create job opportunities for B.Ed. and M.Ed. graduates.
5. **Internship Opportunities:** Facilitating internships for students in schools, educational NGOs, or educational research organizations to gain practical experience in their field of study.
6. **Job Placement Drives:** Organizing job placement drives on campus where education-related organizations and schools are invited to conduct recruitment interviews and hire qualified candidates.
7. **Networking Events:** Arranging networking events, alumni meets, and industry interactions to connect students with professionals in the education sector and explore potential job opportunities.
8. **Online Job Portals:** Providing access to online job portals and databases where students can browse job openings, submit applications, and track their job search progress.
9. **Resume Bank:** Maintaining a database of student resumes and sharing them with prospective employers to match candidates with suitable job openings.
10. **Follow-up and Support:** Providing ongoing support to students throughout the job search process, including interview preparation, negotiation skills, and post-placement assistance.
11. **Feedback Mechanism:** Seeking feedback from recruiters and employers to continuously improve the placement cell's effectiveness and address any areas of improvement.

Objectives of Placement Cell-

- To place the students according to their areas of interest in Organizations/Institutes.
- To guide the student for the development of soft skills through per-placement activities.
- To bridge the gap between College and industries.
- To increase awareness amongst current students about placement opportunities in school industries and various skill-sets required.
- To determine opportunities for B.Ed. and M.Ed. students in service and education field.

Placement Mechanism-

Biyani Girls B.Ed. College has placement cell for B.Ed. (UG) and (M.Ed. (PG) students variety of activities are arranged under the placement cell like conducting aptitude tests seminars, group discussions, guest lecturers by industrial experts and soft skill workshop.

The placement committee takes efforts to cell the companies for campus placement. A communication is through FIR group by telephonic contact, mail or visit to school, colleges and company. the student database is forwarded to the school or colleges as per their requirement, some of them provide training and campus recruitment. As per their policy they short list student. After finalization of date and time the company conducts campus drive in the college premises or they call the students at their premises. Those students who are through the aptitude test they are qualified for next round like technical and HR interview. Once a student is placed in one school/college then she is not allow for the other school/college.

Activities conducted during this Academic year- In this academic year various placement related activities were conducted in the college to make student realize the schools/colleges environment and the skillset they need to have in order to be employable observing the demand for the B.Ed., B. Sc. B.Ed. and M.Ed. students who are mostly required in private school and —college. It is observed that most of the students in these courses lack in communication and presentation skills. Due to this fact they are low in confidence and are unfit to get a job there was a need to make them aware about the opportunities in specific fields. Placement cell member decided to introduce the students to industry demand and to make them aware about the expectations of industry from the employees.

Workshop for B.Ed., M.Ed. students-

Topic- "How to make an impressive Resume"

by Dr.Smriti Tiwari (Corporate Trainer)

For B.Ed., M.Ed. students a workshop was organized on "How to Make an Impressive Resume" writing by Dr.Smriti Tiwari, who is a corporate trainer in the field of personality development and overall capacity building. She has more than 15 years of experience in this field. In this workshop, she guided the students about basic communication, she asked, "students to give their self introduction in front of the class and guided the students by telling them their mistakes". She suggested various techniques to improve their communication in second session she guided the students about the personality grooming and about the appropriate body language while facing the interview session. She explained the importance of decent dressing style for the interviews and the way the students have to sit on the chair or enter the room.

In third session Dr.Smriti gave instruction regarding the preparation of good resume she explained the flow and introduced the students to various resume formats. At the end of the session she asked them to prepare their resumes and discussed the loop holes.

In this Year 120 students selected as a teacher and teacher educators in the different school's and college's and 27 B.Ed. student selected for PG. and 5 M.Ed. Student selected for Ph.D. program and 1 student passed NET examination and 4 student passed CTET exam.

All students are happy because they selected in reputed school and organization.

The Placement officer Dr. Smriti Tiwari give congratulations all selected students.

6. Ms. Arshiya Khan	-	Alumni
7. Ms. Aarushi Agarwal	-	Alumni

Objectives of Placement Cell-

- To facilitate students' employment, the placement cell endeavours to place students according to their area of interest.
- To cultivate strong connections with potential employers, thereby expanding opportunities for students.
- To organize career development initiatives, including workshops and seminars, to enhance students' readiness for the job market.
- To provide personalized guidance and counselling, assisting students in navigating career pathways and industry dynamics.
- To coordinate internships, offering students valuable practical experience and insights into their chosen fields.
- To continuously refine the placement process, ensuring it remains effective in securing job placements for students.

Placement Mechanism-

The placement cell mechanism at Biyani Girls B.Ed. College for B.Ed. and M.Ed. students is meticulously designed to empower students with the necessary skills and opportunities to transition smoothly from academic life to professional careers in the field of education. Here's an in-depth look at how this mechanism operates:

[Signature]
PRINCIPAL
BIYANI GIRLS B.ED. COLLEGE
SEC.-3, VIDHYADHAR NAGAR, JAIPUR

The primary objective of the placement cell is to bridge the gap between academia and industry by facilitating meaningful employment opportunities for B.Ed. and M.Ed. students. To achieve this goal, the placement cell adopts a multifaceted approach that encompasses various strategies and initiatives.

First and foremost, the placement cell establishes and nurtures strong partnerships with a diverse range of educational institutions, schools, and organizations in both the public and private sectors. These partnerships serve as crucial channels through which job opportunities are communicated to students.

To prepare students for the demands of the job market, the placement cell organizes a series of career development programs, workshops, and seminars throughout the academic year. These initiatives cover a wide array of topics, including resume writing, interview skills, communication skills, pedagogy, and classroom management techniques. By participating in these activities, students gain invaluable insights and hone their professional competencies, making them more attractive to potential employers.

Additionally, the placement cell offers personalized guidance and counseling to students, helping them identify their career goals, strengths, and areas for improvement. Career counseling sessions are conducted on an individual basis, allowing students to receive tailored advice and support based on their unique circumstances and aspirations.

Internship opportunities are another cornerstone of the placement cell mechanism. Through strategic partnerships with schools and educational institutions, students are provided with hands-on experience in real-world teaching environments. These internships not only enhance students' practical skills and knowledge but also serve as platforms for networking and professional growth.

Furthermore, the placement cell continuously evaluates and refines its strategies and processes to ensure maximum effectiveness. Feedback from students, employers, and other stakeholders is actively solicited and used to inform future initiatives and improvements.

In conclusion, the placement cell mechanism at Biyani Girls B.Ed. College is a dynamic and comprehensive framework designed to empower students with the skills, knowledge, and opportunities they need to succeed in the field of education. Through strategic partnerships, career development programs, personalized counseling, internship opportunities, and continuous improvement efforts, the placement cell plays a vital role in facilitating the transition of B.Ed. and M.Ed. students from academia to the workforce.

- To cultivate and sustain relationships with industries, corporations, and recruiters, fostering opportunities for internships, job placements, and skill development.
- To conduct workshops, seminars, and training programs aimed at bolstering students' employability, encompassing areas like resume crafting, interview etiquette, and interpersonal aptitude.
- To foster synergy between academic curricula and industry demands by integrating feedback loops and fostering partnerships with the education sector.
- To monitor and support the career trajectories of alumni, offering ongoing assistance for their continuous professional advancement.

Placement Mechanism-

At Biyani Girls B.Ed. College, the placement mechanism for both B.Ed. and M.Ed. students is meticulously designed to ensure optimal career opportunities and professional growth. The college recognizes the importance of preparing educators who are not only academically proficient but also equipped with the necessary skills and experience to excel in their teaching careers. Here's an overview of the placement mechanism:

1. Career Guidance and Counselling: The College initiates the placement process by providing comprehensive career guidance and counselling services to its students. Through

SEC-3, VIDHYADHAR NAGAR, JAIPUR

one-on-one sessions, workshops, and seminars, students are assisted in identifying their career goals, strengths, and areas for improvement. This helps them make informed decisions regarding their professional journey.

2. Industry Collaborations and Partnerships: Biyani Girls B.Ed. College actively cultivates and maintains partnerships with schools, educational institutions, and educational organizations. These collaborations serve as conduits for internships, teaching opportunities, and potential job placements for both B.Ed. and M.Ed. students. Recruiters are invited to campus for recruitment drives, interviews, and networking sessions.

3. Skill Enhancement Workshops: The college organizes skill enhancement workshops and training programs aimed at augmenting the employability skills of its students. These workshops cover a wide array of topics including pedagogy, classroom management, educational technology integration, communication skills, and leadership development. Additionally, mock interviews and role-playing exercises are conducted to prepare students for the recruitment process.

4. Placement Support Services: Biyani Girls B.Ed. College offers comprehensive placement support services to its students. This includes resume building assistance, interview preparation, networking opportunities, and access to job postings and vacancies. The placement cell works closely with students to match their skills, interests, and career aspirations with suitable employment opportunities.

5. Alumni Network Engagement: The College maintains an active alumni network comprising former B.Ed. and M.Ed. graduates who serve as valuable resources for current students. Alumni are invited to campus events, career fairs, and networking sessions, providing mentorship, insights, and potential job referrals for new graduates. This engagement fosters a sense of community and continuity, enhancing the overall placement experience for students.

Overall, the placement mechanism at Biyani Girls B.Ed. College is designed to empower students with the necessary tools, resources, and opportunities to embark on a successful teaching career upon graduation. Through a holistic approach encompassing guidance, skill development, industry connections, and support services, the college strives to ensure that its graduates are well-prepared to meet the challenges of the education landscape and make meaningful contributions to the field of teaching.

In this Year 177 students selected as a teacher and teacher educators in the different school's and college's and 10 student for PG. and 4 M.Ed. Student selected for Ph.D. program and 2 student passed NET examination and 1 student passed CTET exam.

All students are happy because they selected in reputed school and organization.

The Placement officer Dr. Smriti Tiwari give congratulations all selected students.

The placement mechanism in Biyani Girls B.Ed. College serves as a crucial bridge between students and potential employers, facilitating the transition from academic learning to professional employment. This mechanism typically involves several key components and processes aimed at ensuring successful job placements for students.

The dedicated placement cell within the institution serves as the focal point for all placement-related activities and acts as a liaison between students, faculty, and employers. The placement cell is often staffed with professionals who specialize in career counseling, industry relations, and recruitment strategies.

One of the primary functions of the placement cell is to facilitate interactions between students and employers. This involves organizing campus recruitment drives, job fairs, and networking events where employers can directly engage with students and conduct interviews. Additionally, the placement cell often maintains an online portal where students can upload their resumes and browse job openings from participating companies.

Another important aspect of the placement mechanism is the preparation of students for the recruitment process. This includes providing training and workshops on resume writing, interview skills, and professional etiquette. The placement cell may also offer career counseling services to help students identify their strengths, interests, and career goals.

In order to attract a diverse range of employers, the placement cell engages in proactive outreach and relationship building with companies across various industries. This involves attending industry conferences, networking with alumni, and leveraging existing connections to establish partnerships with potential employers. By maintaining strong relationships with employers, the placement cell can ensure a steady flow of job opportunities for students.

Throughout the placement process, the placement cell plays a crucial role in facilitating communication and coordination between students and employers. This includes scheduling interviews, communicating job offers, and providing support to students throughout the recruitment process. Additionally, the placement cell may collect feedback from both students and employers to continually improve its services and address any concerns or challenges that arise.

Overall, the placement mechanism in educational institutions is a multifaceted process that requires careful planning, coordination, and execution. By effectively connecting students with employers and providing support throughout the recruitment process, the placement mechanism plays a vital role in helping students achieve their career aspirations and succeed in the professional world.

In this Year 159 students selected as a teacher and teacher educators in the different school's and college's and 6 student for PG.

All students are happy because they selected in reputed school and organization.

The Placement officer Dr. Smriti Tiwari give congratulations all selected students.
