INTRODUCTION

- DELNET was established in 1988 as city based library network in Delhi, and was popularly known as Delhi Library Network, networking the libraries of the Delhi.
- Got registered as a society in 1992.
- On 13th September 2000, Delhi Library Network - DELNET became DELNET-Developing Library Network.
- DELNET with passage of time and technological advancements not only widened its scope but has crossed the geographical boundaries. Presently, it is the major resource sharing library network in India connecting more than 5,000 libraries in 33 States and Union Territories in India and eight other countries.
- The main objectives of DELNET is to promote resource sharing among the member-libraries by collecting, providing and disseminating information and by providing networked services to the re... ment their research activity.
